

Non-Retaliation/Non-Intimidation Policy Statement

Introduction

VillageCare prohibits retaliatory action for reporting or inquiring about alleged improper or wrongful activity. Through the Corporate Compliance Program, VillageCare provides an effective process for employees to raise issues, concerns and opinions without fear of retaliation or reprisal. Such improper or wrongful activity may include, but is not limited to, discrimination, harassment, fraud, unethical or unprofessional conduct, non-compliance with VillageCare policies, circumstances of imminent danger to other employees or patients, public health or safety concerns, violations of local, state or federal laws and regulations, and other illegal or improper practices. Timely disclosure of such concerns prohibits retribution or retaliation against any employee, who in good faith, reports such concerns.

Procedure

All managers are instructed to assure their staff of this policy and encourage the reporting of potential or alleged improper or wrongful activity, and that employees will not be retaliated against for making such reports in good faith.

The following actions are required by all VillageCare managers and leaders:

- Employees will receive a copy of the policy annually thereafter on VNet as a part of annual mandatory compliance training.
- Management will meet with their direct reports to discuss this policy, including proper treatment of employees who report such activity, and how to create a work environment that fosters open communication.
- The policy shall also be provided to all new hires at the time of orientation. All new employees will be asked to sign a certification form acknowledging receipt of the policy which will be maintained by the Human Resources department in the employees' files.

Every employee must understand that retaliation in response to a good faith report of a problem or concern is not tolerated under this policy. Reports of retaliation will be investigated thoroughly and expeditiously, with appropriate disciplinary action taken, up to and including termination of employment.
